

# Engaging Cloud-Based Learning

Xen.Ed is a powerful cloud-based learning platform that effortlessly empowers educators, trainers, organisations, and businesses.

From efficient student registration, interactive learning experiences, easy to build quizzes, tests and assessments, all the way through to super-charged features like eCommerce, course marketing and video streaming. Xen.Ed is a robust, powerful, and engaging learning platform that delivers learning for all levels and needs.

## The Fully Customisable Digital Learning Platform

Create, then deliver comprehensive lessons, training, courses, and assessments via your own integrated and fully branded digital spaces and learner portals.

### AUTHOR COURSES

Create, collaborate, and scale beautiful course pages that work seamlessly across every device and browser — with no coding needed.

### FLEXIBLE LEARNING

Switch between blended & online modes. Give your audiences one consistent location for accessing all of your in-person and on-demand educational content.

### RESPONSIVE DESIGN

Xen.Ed's intuitive editor helps you adapt your content and course layout to meet the demands of your learners individual device requirements.

### ASSESS WITH EASE

Engage your learners for productive outcomes with multiple types and formats of quizzes, tests, and assignments! Easily track, monitor, and report student results.

### ECOMMERCE READY

Our built-in eCommerce functionality, allows you to sell courses individually or in bundles, or via subscription & memberships, direct to your learners

### ROBUST ANALYTICS

Our built-in analytics platform grants full control over your data, making it easy to explore, visualise reporting, schedule & download data in a fast and intuitive way.

### FULLY BRANDED

Xen.Ed was designed from the ground-up to be fully customisable. Personalize your domain name and imprint your brand across the entire Xen.Ed journey.

### CERTIFICATIONS

Xen.Ed enables certifications, skills compliance, micro credentials and badges to inspire continuous learning for life-long learning from kinder and beyond.
