

Mastedly is Crystal Delta's comprehensive portfolio of industry leading education products and services. We innovate in technology that enhances learning and teaching.

## LMS Transition. Crane Archive.

Flexible and secure. Store inactive course and learner data during Learning Management System transition to cost-effectively decommission legacy systems.

### COST-EFFECTIVE

Archive inactive course and learner data using a scalable archiving solution that allows you to reduce licensing, hosting, and resourcing costs.

### FLEXIBLE

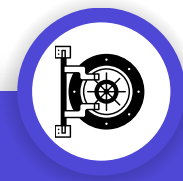

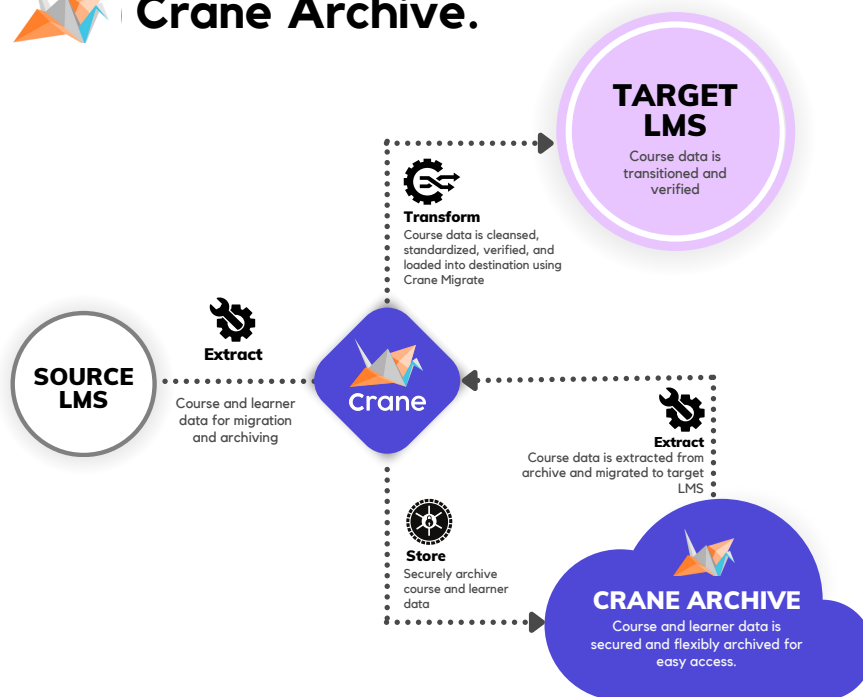

Efficiently access, retrieve and manage past course and learner data, which ensures your critical data records comply with regulatory requirements and data retention policies.

### SECURE

Safeguard your archived course and learner data through protected cloud storage with controlled access and industry best-security, keeping your data safe.

**Flexible. Secure.  
LMS Archiving.**
